#### Brief about lighthouse :

Kaup is a small town on NH-17 about 7 Km South of the town of Udupi. The coast near Kap is formed by black granite rocks. There is a good sheltered beach in front of the lighthouse attracting a large number of tourists.

Prior to independence the region was part of princely state of Mysore. The ruins of Kap Battery (of cannons) can be seen on one of the rocks close to the Lighthouse. It is one of the many such batteries and bunkers established at strategic locations by Tippu Sultan in the region and Malabar.
